

MEAT MANAGER ROLE

Location: McKenzie Corner, 1286 McKenzie Ave., Victoria, BC V8P 5P2

THE ROLE

As the Root Cellar continues to grow, we are adding an experienced full-time Meat Manager to our McKenzie Corner team. Our meat market is focused on local, sustainable, top-quality meats, free of fillers, antibiotics, and hormones. Our butchers are experts at their craft, and are continuously pushing our boundaries for innovative ways to cut, process, and display our products.

As our Meat Manager, you'll be as enthusiastic about good food and good people as we are. You'll lead by example, hiring, coaching, training, and empowering our meat department crew to build an effective, happy, and cohesive team. You share our eye for detail, our focus on continuous improvement, our uncompromising commitment to quality, and you're excited to put our values to work, collaborating with the rest of our management team to set and surpass KPIs.

WHO WE ARE

Growing up in British Columbia, the family root cellar was a place in our homes where we could always find good quality, garden grown, fresh & preserved foods. Our family owned market operates with a local focus, always buying from as close to home as possible to provide the communities of Victoria with the same.

We are more than your average grocery store, and our leaders are more than your average department managers. We're a family business, and we're selective about who joins us. Our bottom line is that we care a lot... about the products we offer, our customers, and our Root Cellar family. We put that care into action by providing a comprehensive leadership salary and benefits package with great benefits (including vision + dental), a bonus structure, development support and opportunities, and a 20% discount in our stores.

WHAT YOU BRING

- 3+ years of meat cutting experience.
- 2+ years of management experience in a related role.
- Experience in sausage-making and creating recipes for specialty in-house products.
- Strong business sense + proven track record of positive results.
- Excellent leadership, communication, and organizational skills.
